

Belaire Range of Mobile Air Conditioners H3400

Introduction:

Outstanding heating and cooling performance with low noise and vibration, the Belaire H3400 is suitable for larger caravans, motorhomes and boats. Featuring an attractive streamlined design that not only offers better integration but significantly less drag when you're on the move.

Features:

1. Low profile plenum with an elegant design that complements modern interiors. Features easy to read LED display showing temperature and mode. LED reading light provides conveniences when you are in the room.
2. Attractive streamlined canopy design to perfectly integrate with modern caravan, motorhome and boat design low profile unit lets you park under lower structures.
3. 4-way outlet from the interior unit allows air flow to be directed throughout the living space.
4. The air filter is easy and convenient to remove and clean.
5. Remote control with cooling, heating, dehumidifying, dry, sleep, timing and LED control functions.
6. The large outdoor axial fan draws air to exchange heat, leading to highly efficient, powerful performance with low noise levels.
7. Excellent reverse cycle performance allows the H3400 to operate in temperatures as low as -5°C and up to +50°C. Features intelligent defrosting technology.

Specification:

Power supply	220~240V/50Hz	Maximum input power	1700W
Refrigerant charged	R407C/ 770g	Maximum current	7.4 A
Cooling capacity	3400W (11,595 BTU)	Maximum air flow	318 CFM
Heating capacity	3000W	Installed weight	43+3 (kg)
Power input cooling	1350W	Installation opening (mm)	360 x 360 (Optional adapter required for 400 x400)
Power input heating	1250W		
Current cooling	5.8 A	Outdoor unit dimension H x W x L (mm)	223 x 850 x 1122
Current heating	5.4 A	Plenum unit dimension H x W x L (mm)	49 x 556 x 575
